children are receptive and retain what they learn. Sometime they go home and teach their parents and older Siblings

### Independence Day in the Center

### Dahi Handi.. Empowering children to think big, to look upwards

### Women's Day

A police officer was invited as the chief guest...she shared her personal experience of what it means to be a WOMAN and how challenging and risky her task is.

Eshram cards made at the center

Festivals in the Centre

Santaclaus is no stranger to them

Haldi Kum kum

Celebrations

Diwali

Inner Wheel Club

Networking with other organizations

Networking with other organizations is very good inspiration and initiative to our students. They learn a lot and are able to implement the same in their own way. Some have started making ornaments and other jewellery etc

### Picnic of Children with mothers

The inner wheel also conducted a Self-defense program in our center And our students were enlightened

### Session on Self Defense at the centre conducted by Inner Wheel Club

### Session on Self Defense at the centre conducted by Inner Wheel Club

### Introducing our activities to Home Science students

### **Objective 5** To empower women with Sustainable initiatives

#### For a better future

#### At the Computer class

Eager, enthusiastic, excited to empower oneself

All that they learn they carry with them for eg the craft, the art they earn, computer, and are always eager to learn more and more.

## Success stories

Sharing success stories about how the centre has empowered them in various fields and today they can stand on their own feet caring for their families.

## Empowerment of teachers

Our teachers are felicitated they empower their students

## Empowerment of teachers

Our teachers are felicitated they empower their students

.. How Can we be instruments of peace in families and neighborhood
